

Laptop Stand FoldineX

Extremely portable Laptop Stand with unique X-style folding design and finest material appearance

6 screen heights selectable

It is ergonomically advisable to put the laptop on a stand, place the stand forward on the desk and use a separate keyboard nearer to the user.

Non-slip silicone pads add stability of laptops on FoldineX, avoid laptops to become scratched and avoid FoldineX to scratch desk.

Ergonomic benefits

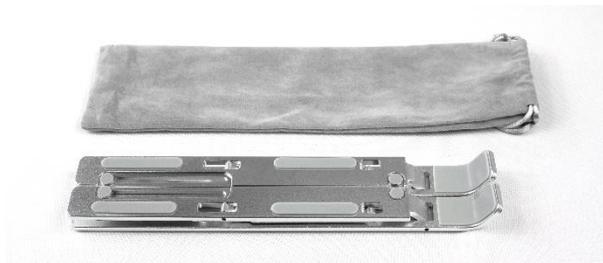

Laptop users are usually exposed to a health risk due to the proximity of the screen and keyboard. To avoid unhealthy hunching over the device it is ergonomically advisable to put the laptop on a stand, place the stand forward on the desk and use an external keyboard nearer to the user.

- + In the above manner the user can also adjust the screen higher to ensure a better upright sitting posture.
- + The use of an external keyboard enables one to place a document holder in the ergonomically ideal place, between the screen and the keyboard. The use of a document holder becomes indispensable if documents on the laptop keyboard hide too much of the screen.
- + FoldineX is extremely lightweight (only 236 g) to handle and carry with

Other benefits

- + FoldineX supports laptop better and give more stability to laptop than tripod or 3-foot stands.
- + Non-slip silicone pads add stability of laptops on FoldineX, avoid laptops to become scratched and avoid FoldineX to scratch desk
- + Unique open X-style design allows air to circulate and heat to dissipate keeping laptop cool
- + 6 screen heights selectable
- + FoldineX folds up utmost neatly to size 4.3 x 24 x 1.5/2 cm and is thus extremely portable
- + Fabric pouch helps FoldineX not to scratch other objects in same briefcase or bag
- + Aluminium alloy material gives finest appearance to FoldineX
